

Brick Scholars

Professional Development - Lego[®] Serious Play[®]

LEGO[®] SERIOUS PLAY[®] Opportunities.

The purpose of LEGO[®] SERIOUS PLAY[®] is to maximize the full potential, insight, confidence and commitment of all the people around the table.

We use the LEGO[®] SERIOUS PLAY[®] to build effective communication and mutual understanding. These skills will allow the team to reach new insights, unlock new knowledge and break their habitual way of thinking. Working groups become a team and teams to become a REAL TEAM with optimal commitment to the delivering the shared responsibility.

Our core competence in problem-solving is customized design and facilitation of LEGO[®] SERIOUS PLAY[®] for challenges related to strategy and organizational development, product development, creativity mining, team development, individual development and education innovation.

LSP Outcomes

Have a clear understanding of their own and each other's job functions, area of responsibility and unique potential for contributing to the team's success
